To Whom It May Concern,

We would like to nominate Veronica Nichols for the Glass House Volunteer Awards.

Veronica or Ronie as she is affectionately known around Woodford as has been volunteering in our community all her adult life, for over 40 years. No matter what you ask her to help with, she's there, sleeves rolled up and ready to work. Ronie has never asked or expects accolades for what she does, that is not in her nature. Working with Ronie is a joy as she brings laughter and delight to any task making everyone feel included and more enthusiastic to help out. Having held many executive positions on committees, Ronie has also been a cooking steward at the Woodford Show for 15 years, a member and held office bearer positions at the Woodford Community Art Group, Helped deliver Easter and Christmas treats to Embracia in Woodford and other festive events at Woodford. Ronie was a hell of a fire fighter back in the day when she was a member of the Stanmore Rural Fire Brigade. In this position she organised the Brigade to assist the annual Murrumba Endurance Ride and help at the Woodford Folk Festival. These two events are still major fundraisers for the Brigade today. Neighbourhood Watch, Drought Relief, organising Charity Fundraiser's for people in need, School Tuckshop, Touch Football, Caboolture Carriage Club, Woodford Local Ambulance Committee and the Woodford Historical Society have all benefited from Ronie's assistance. Ronie is loved and respected in our community and we are very proud to call her our friend. We could not think of a more worthy person to be a recipient of the Glass House Volunteer Awards.

King Regards
